Panthers Basketball

Continuing the Tradition

The great tradition of Panthers Basketball can be traced back through the years for nearly a century. Building a tradition is not something that happens overnight and does not come without hard work and sacrifice.

Since taking over the program in 2013, I have had the great pleasure of coaching many fine young men. Our overall record in this time is 69-43 (.616) and 39-9 (.813) in the RVC, including a **PERFECT 12-0 season (2015-16)**. These accomplishments would not have been possible without countless hours working in the gym.

One of my favorite things about being the head basketball coach at GSW High School is the opportunity it gives me to work with future Panthers Basketball players at our summer camps. It thrills me to see young people get involved at an early age and then follow their development through the years.

Through games, contests, and individual instruction, we strive to hold the best possible camp and pride ourselves on our ability to do so. It is our goal to provide the chance to learn the game of basketball, develop fundamental skills and create opportunities for young people to build strong friendships and lasting bonds.

I look forward to our work in continuing the tradition of Panthers Basketball. We hope you are able to take advantage of the camp experiences that we offer.
