Estimated Fund Balance - June 30, 2024	2,010,484	389,111	208,480	669,978	3,278,053

Unbalanced budget; however, a Deficit Reduction Plan is not required at this time.

A deficit reduction plan is required if the local board of education adopts (or amends) the 2023-2024 school district budget in which the "operating funds" listed above result in direct revenues (line 9, BudgetSum 2-4) being less than direct expenditures (line 19, BudgetSum 2-4) by an amount equal to or greater than one-third (1/3) of the ending fund balance (line 81, BudgetSum 2-4).

Note: The balance is determined using only the four funds listed above. That is, if the estimated ending fund balance is less than three times the deficit spending, the district must adopt and file with ISBE a deficit reduction plan to balance the shortfall within three years.

Per School Code (105 ILCS 5/17-1) - If the Deficit AFR Summary Information tab from the 2022-2023 Annual Financial Report (AFR) reflects a deficit as defined above, then the school district shall adopt and submit a deficit reduction plan (found here on page 23-27) to ISBE within 30 days after acceptance of the AFR.

The deficit reduction plan, if required, is developed using ISBE guidelines and format.

Part I: Achieving Student Growth and Making Progress

The questions below allow you to indicate the strategic priorities and strategies that will drive your efforts to achieve student growth and make progress in time, money, people, and programs.

Collaboration Opportunity - Organizational Units may find that Part I is most easily and effectively completed through collaboration.

1) What are the Organizational Unit's strategic goals for student success for the 2023-24 school year? What measures will be used to evaluate progress?

For the 2023-2024 school year, Gardner South Wilmington High School District 73 will prioritize enhancing the academic achievement of our students regardless of their background. Furthermore, it is essential to understand that academic excellence is fundamental in preparing students for future outcomes. To achieve these goals, the district will focus on refining curriculum frameworks with a curriculum committee comprised of an administrator and teacher to enhance instructional practices and to align curriculum resources with the educational standards that we are committed to for the success of our students. We will address individual student needs effectively. We will assess our students' progress through data-driven assessments (NWEA MAP, AIMSweb) not only academically, but social-emotionally. Furthermore, the district will continue to collaborate with families through family engagement nights, incorporating innovative teaching methodologies rooted in best practices, meeting the ever-evolving social-emotional needs, meeting the individual needs of our students. Our educators will provide engaging learning environments that foster critical thinking skills and problem-solving skills.

to ensure all students success. Recognizing that academic, social-emotional well-being, and equity are crucial to the success of all students in the future challenges that they will face, the district is committed to implementing comprehensive measures to elevate educational outcomes for all students. This includes providing support for school administrators, social workers, regular education teachers, community members, and special education teachers. We aim to ensure that all students are successful. Furthermore, our curriculum and instruction committee will focus on targeted interventions and support systems (e.g., MTSS, BAASC, District-wide Assessments, IAR, etc.) and personalize learning plans, our students will be empowered to thrive not only in school but in life. We intend to achieve our goals by providing individualized support for the individual needs of each student, providing professional development opportunities, and leveraging updated technology.
